

What is PAC?

PAC stands for Parent Advisory Committee which is a group of parents, like yourselves that choose to take an active part in their child's education.

Who belongs to the PAC?

Any parent that has a child attending Lindsay Park School is a member of the PAC. This is not an elite club, we welcome everybody.

What PAC does?

- Parents who make decisions on important educational and fun programs that enhance a positive and exciting school experience.
- Support teachers and staff to facilitate extracurricular activities.

Examples of what we have done in the past:

- School Swim Lessons
- Hot Lunch
- Halloween party
- Fund raising (equipment for the school) including a new stove for hot lunch
- Veggie Program
- Giving back to our community (food bank donations)
- Recycle Christmas shopping (teaches the importance of giving)
- One to One reading
- Provide food for school trips
- Provide children with planners to encourage Parent/Teacher communication

These are some of the things that make Lindsay Park such a great school. Studies show that getting involved in your child's education increases their success.

This may include:

- going on field trips, baking for their classroom, helping in the classroom, serving hot lunch, or volunteering for a special event.

PAC meetings are where all of these programs are decided. We are in great need for parents to come and share ideas, and help establish what will be the focus for this year.

You are not committing to do whole lot of work. The meetings are approx 1 hour per month.

Please consider this invitation to come to our next meeting.
